Please take a few minutes to write about a "Best Practice" that you use in your classroom. This can be a mini-lesson used to do Team Building, an introduction to a unit that grabs their attention, an anecdote that clarifies a concept etc. No need to make photo-copies or to bring extra handouts—unless you really want to. Just write below.

Instead of assigning vocabulary terms I call them "Industry Terms". The kids seem to take it more seriously. It's not "School work," but rather "work information".
